Missionary Update

This month we highlight John & Carol Ragsdale, who serve the Lord with Trans World Radio. TWR has many important ministries. Here are just a few:

"Happy Childs Garden" ministers to the children of Cambodia. The weekly Bible story teaches biblical customs, culture and traditions, as well as life application.

"Women of Hope: Hindi" ministers to struggling women all over India. This 30 minute program gives spiritual encouragement as well as practical advice. It seeks to heal their hearts and minds.

"Radios for Africa" provides for many of the least-reached people in Sub-Sahara Africa. These radios reach many remote villagers at once, as they gather around to hear the latest news, music, and spiritual nourishment. TRW has AM, FM, shortwave and satellite broadcasts that bring God's precious Word to so many.

"Spiritual Food for North Korea" provides support for the Korean staff at WTR. They produce about 20 programs including Bible reading and teaching, seminary training, children's programs, and a worship service on the air. This might be the only spiritual food available to secluded listeners in North Korea.

Currently John & Carol live in Europe where John serves as a ministry leader for North Africa. Carol is an at-home wife and mother. She facilitates a weekly Bible study and helps John in the worship music ministry of their local church.

You can contact them through TWR at:
